

Welcome message to the site

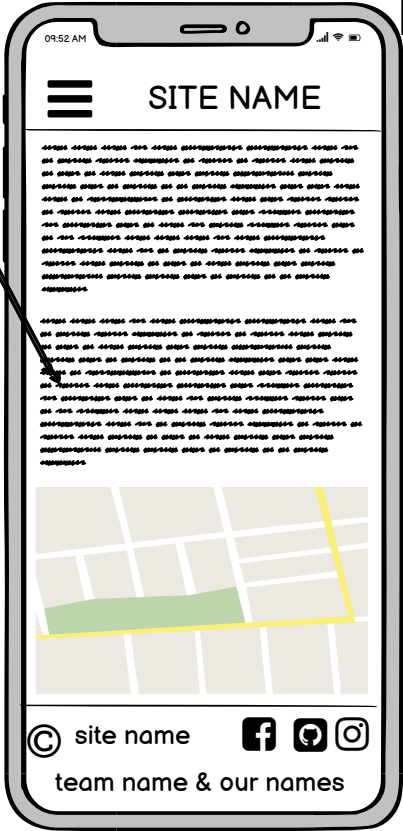

Floating quotes that change position and shows different quotes

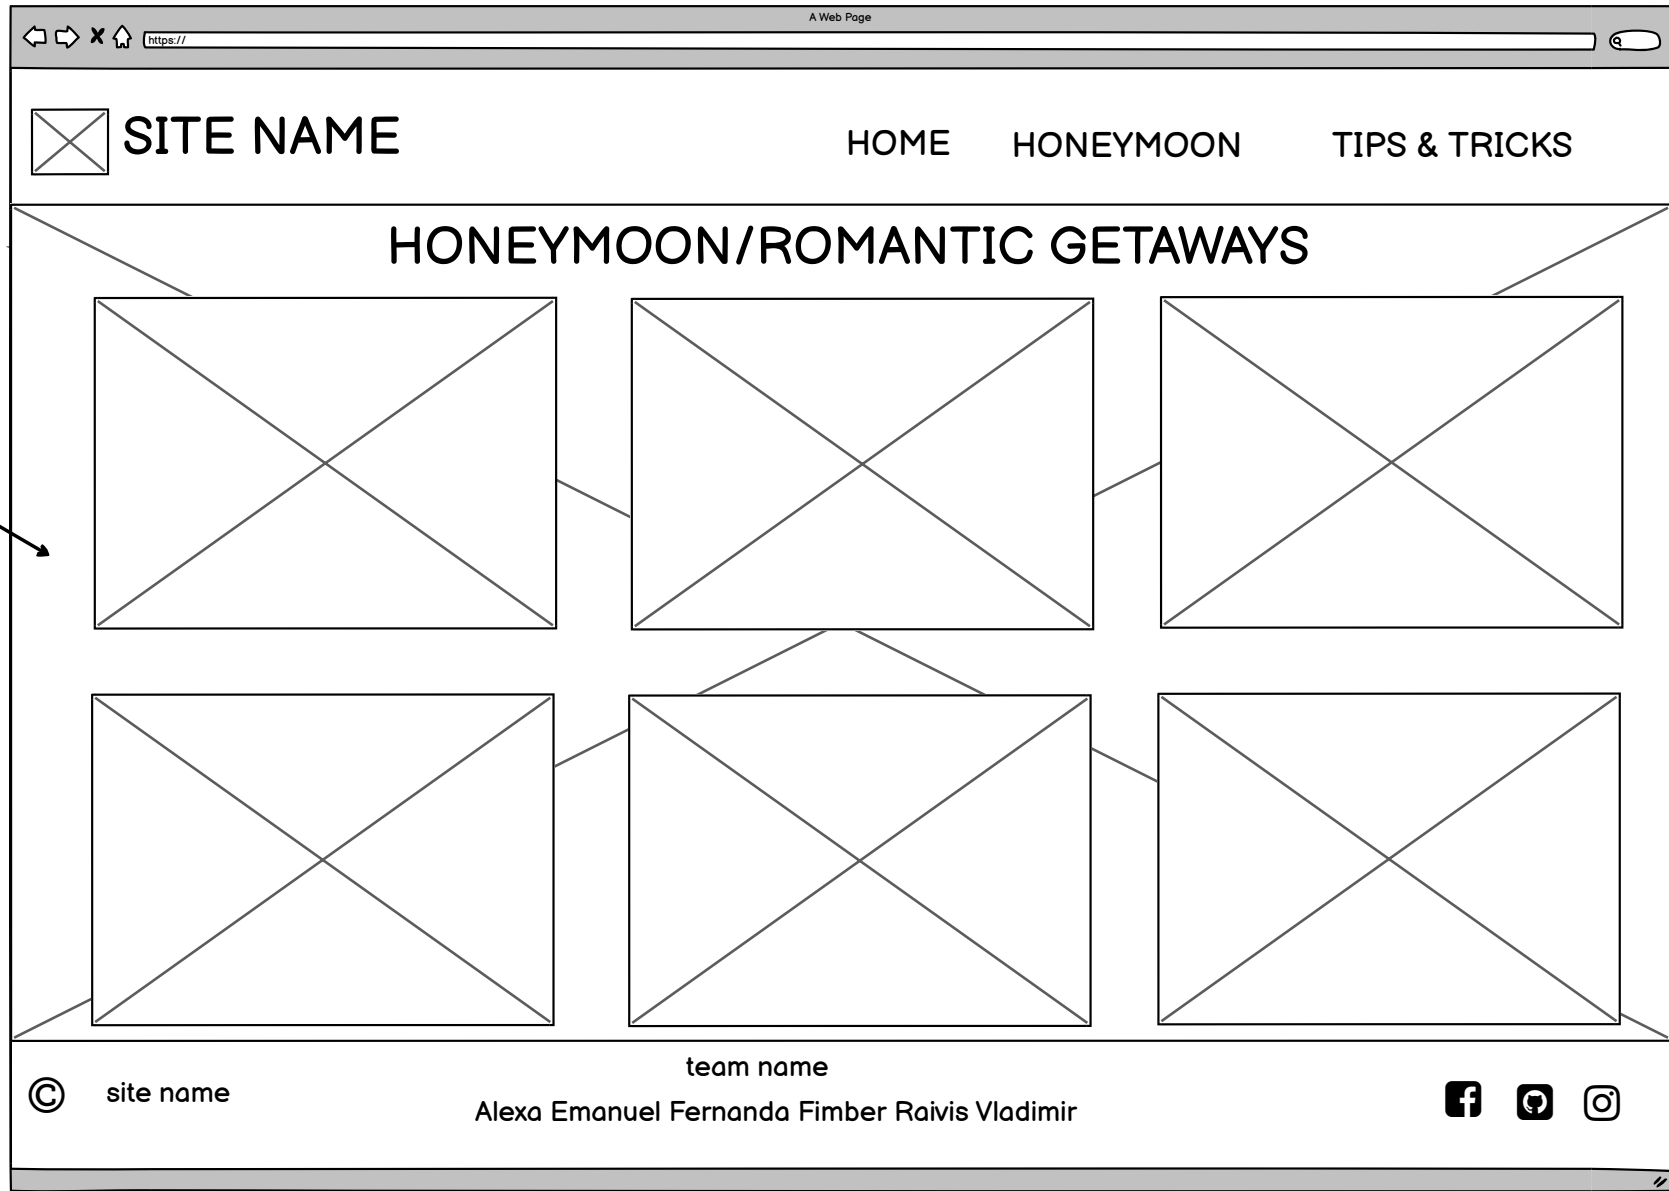

Google map API that will have clickable pins which will show romantic/honeymoon destinations further down the page

Welcome message to the site

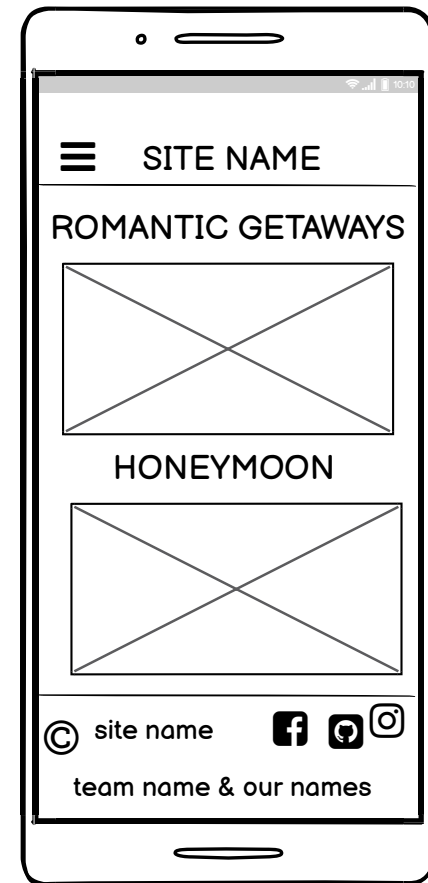

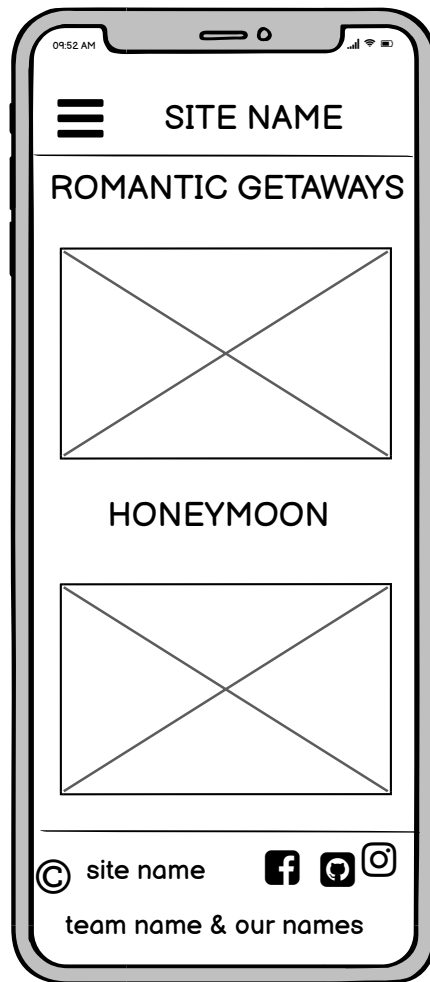

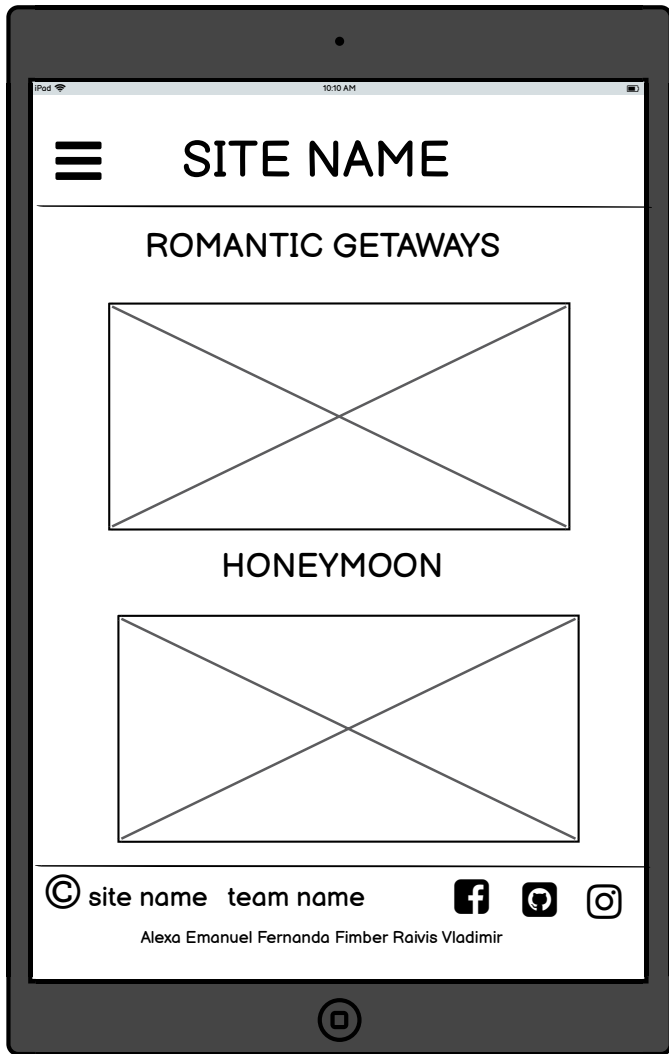

Floating quotes that shows different quotes

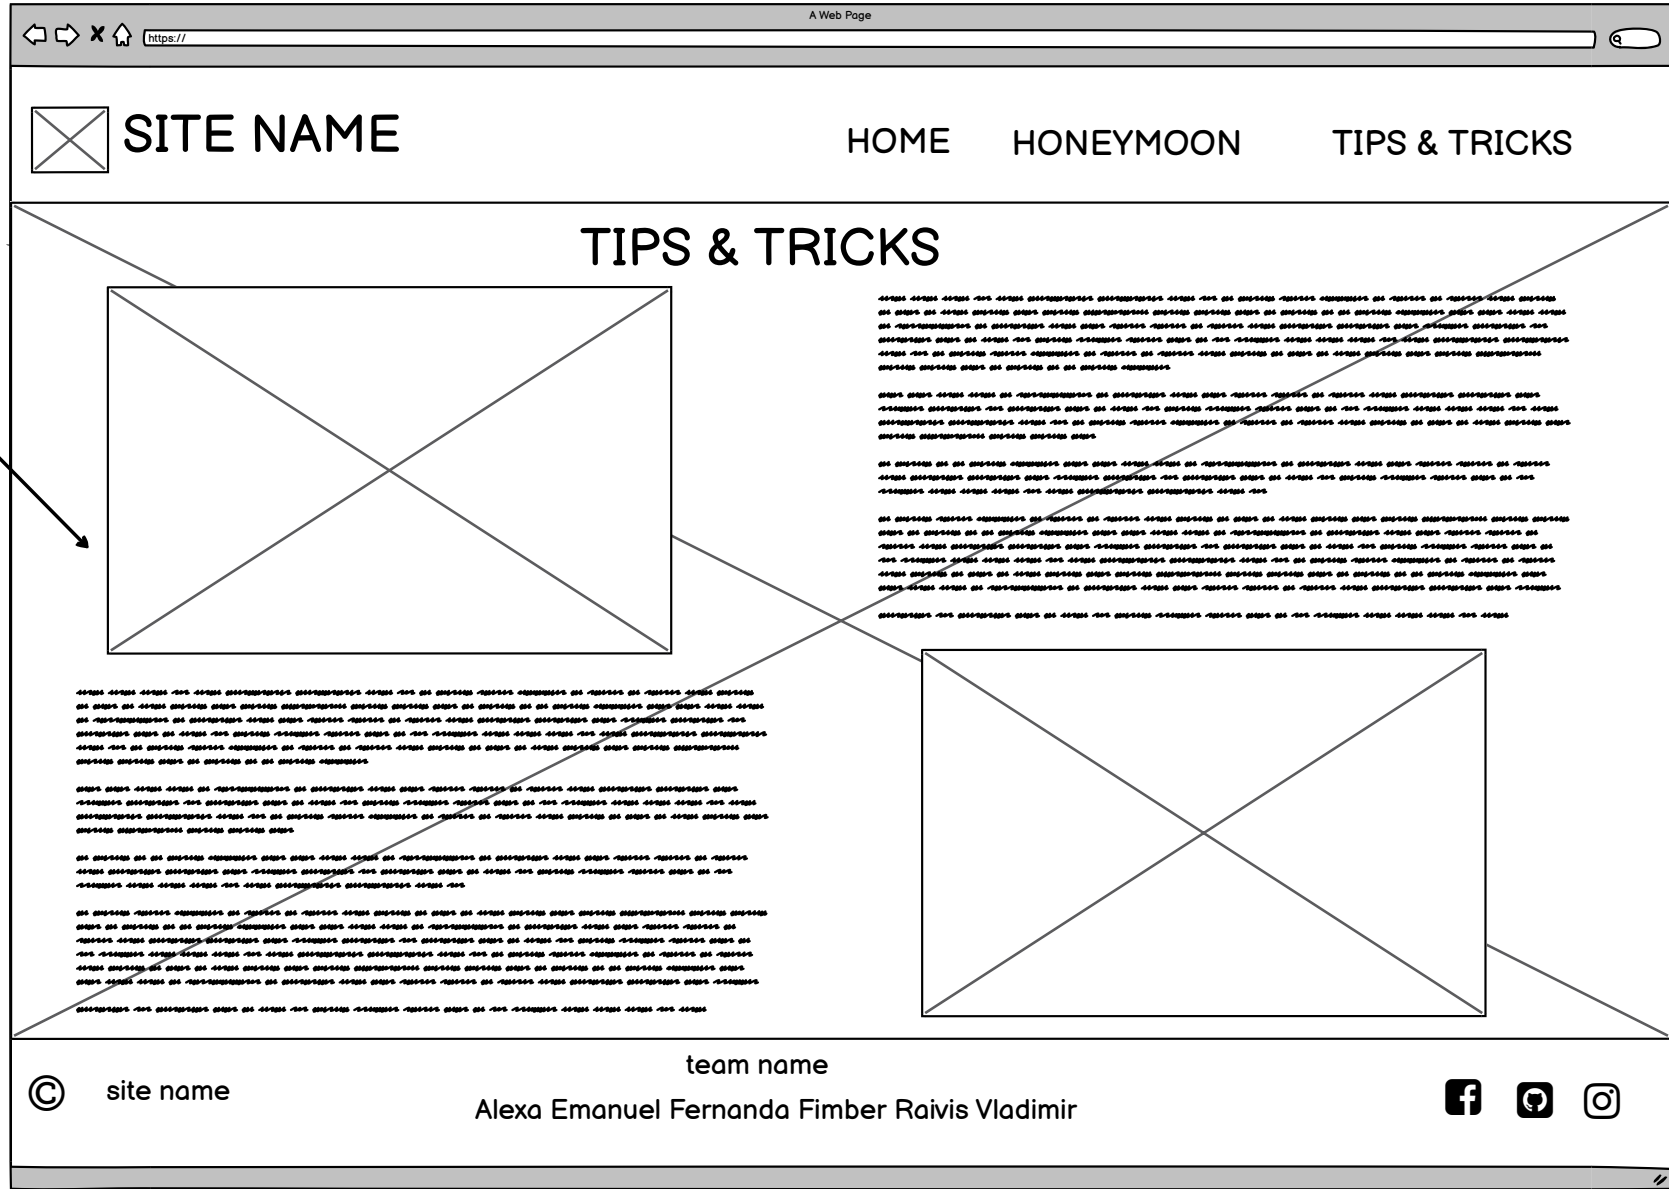

Google map API that will have clickable pins which will show romantic/honeymoon destinations further down the page

Further down the page, we will have a section showing romantic/honeymoon destinations which can be clicked on and will show information and map on the destination.

at the bottom of the page, there will be some tips and tricks for when people go on the trips
